Miles Stevens
Stevens &
Associates

Since receiving his Master's Degree in Urban Design from Columbia University in 1972, Mr. Stevens has committed himself to the pursuit of excellence in his field. He has been the manager and designer of over 200 major projects, taught design at the University of California, Berkeley and has been active in several professional organizations, including the Planning Association of Richmond, the American Institute of Architects, and the San Francisco African American Chamber of Commerce. Mr. Stevens is responsible for the general direction of Stevens + Associates as well as serving as primary designer. Mr. Stevens' four years of experience with Lawrence Halprin Associates in New York City and San Francisco included all types of urban design projects. His three years with KMD included numerous institutional projects. He is also experienced in citizen participation and research, contract administration, and green architecture. Stevens, who has consulted on major projects in West African countries, is a Fellow of the African Scientific Institute (ASI).
